

GW Law Animal Law & Three Pearls Charities Inc.:  
AI, Animals and the Law Hack-a-Thon Volunteer Agreement

Thank you for joining the AI, Animals and the Law Conference Hackathon which offers volunteer projects including Tiger ID and AI Powered Drone Contraceptive Darting as well as other projects (the “Project”). Our goal is to create usable software code for the benefit of wildlife, big cats, other animals and / or the environment.

When you create any software code as part of the Project (“Code”), you will be the owner of the Code. In addition, and in furtherance of the Hack-a-Thon’s goals, you acknowledge and agree that any Code shall be made available to any person or entity subject to the Apache 2.0 open-source license. In addition, without limiting the license in the immediately preceding sentence, you hereby grant to Three Pearls Charities Inc. (“Three Pearls”) an irrevocable non-exclusive worldwide fully paid license to use the Code with a purpose to benefit of wildlife, big cats, other animals and / or the environment.

When you create or submit any content or other materials to the Project that is not in the form of software code (“Non-Code Submissions”), you hereby assign, grant, and deliver all rights, title and interest in and to the Non-Code Submissions to Three Pearls, provided that Three Pearls shall make such Non-Code Submissions available to any person or entity subject to the Creative Commons Attribution 4.0 International license (“CC BY 4.0 License”), in each case to the extent you have the power to convey such rights. If you do not have a right to convey such copyrights, you hereby grant to Three Pearls an irrevocable non-exclusive worldwide fully paid license to use the Non-Code Submissions with a purpose to the benefit of wildlife, big cats, other animals and / or the environment. To the extent you do not have the right to convey such license, you hereby quitclaim any and all rights to the Non-Code Submissions. If any entity or person wants to use the Non-Code Submissions, such party shall notify Three Pearls at [jmclaughlintpc@gmail.com](mailto:jmclaughlintpc@gmail.com) requesting a waiver of the requirement of attribution under the CC BY 4.0 License. If Three Pearls does not respond within ten (10) business days, Three Pearls waives the right of attribution.

You represent and warrant that either: (i) any Code or Non-Code Submissions are your original works; or (ii) you have a reasonable belief that you have a lawful right to submit any Code or Non-Code Submissions and that use of such Code and/or Non-Code Submissions will not infringe a third party’s intellectual property works.
